

COVID-19 Baseline Survey in Guyana

Section 0: Preliminary Information

Enter interviewer first name's *

Enter respondent's telephone number before calling *

q0_1

Interviewer Read: Good morning/afternoon/ evening, my name is and I am calling TCG which is a local consultancy firm. We are conducting a survey on the coronavirus in Guyana. The information collected will be given to relevant organisations to help with their response to the pandemic. It will also be released to the general public so that people are informed. If you agree to participate in the survey, the information that you provide will be confidential in the sense that no one will know that it came from you. Are you willing to help by participating in the survey?

Outcome of interview attempt *

q0_2

- Phone number not working
- No answer, the phone rang-out
- Respondent agreed to participate in the survey
- Contact made but respondent refused to participate
- No adult at home to answer the survey questions

Section 1: Background

In which region do you currently live? *

q1_1

- Region 1
- Region 2
- Region 3
- Region 4
- Region 5
- Region 6
- Region 7
- Region 8
- Region 9
- Region 10

Do you live in a town? *

q1_2

- Yes
- No
- No answer

» Town

In which town do you live? *

q1_3

» Background

What is your age? *

q1_4: Enter 99 for no answer

Sex of the respondent *

q1_5

- Male
- Female

What is your marital status? Are you ... *

q1_6

- Married/ in a common-law relationship
- Single
- Divorced/ Widowed/ separated
- No answer

What is the highest level of education that you have completed? *

q1_7

- Less than primary
- Primary
- Some secondary
- Secondary
- Post-secondary
- Some university
- University
- No answer

What is the highest level of education completed by someone in your household? *

q1_8

- Less than primary
- Primary
- Some secondary
- Secondary
- Post-secondary
- Some university
- University
- No answer

» Household

How many people live in your household? *

q1_9: Enter 99 for no answer

.....

How many children (below 18 years) live in your household? *

q1_10: Enter 0 if none and 99 for no answer

.....

How many elderly (65 years and older) people live in your household? *

q1_11: Enter 0 if none and 99 for no answer

Which of the following individuals do you know of that have been tested positive for the coronavirus? *

q1_12: select all that apply

- A member of your household
- A family member; not in household
- A friend
- A co-worker
- Someone else in the community
- No one
- No answer

Which of the following individuals do you suspect have contracted the coronavirus but have not been tested? *

q1_13: select all that apply

- A member of your household
- A family member; not in household
- A friend
- A co-worker
- Someone else in the community
- No one
- No answer

Section 2: Knowledge of Coronavirus Infection

As far as you are aware, what are the symptoms of the coronavirus infection? *

q2_1: (Do not read the answers to the respondents). Select all that apply.

- Fever
- Headache
- Coughing
- Sneezing
- Runny nose/nasal congestion
- Fatigue/ tiredness
- Muscle pain
- Joint pain
- Difficulty breathing
- Loss of appetite
- Diarrhea
- Other
- Don't know

Specify other symptoms *

q2_1a

Please indicate yes or no to each of the following items about coronavirus symptoms

» Corona Virus Symptoms

One can tell whether someone has coronavirus by looking at them. *

q221

- No
- Yes
- Don't know

If a person doesn't feel sick, that person doesn't have the coronavirus infection. *

q222

- No
- Yes
- Don't know

A person who is not sick or who does not show symptoms cannot spread the coronavirus. *

q223

- No
- Yes
- Don't know

A person with coronavirus infection can only begin infecting others after 14 days. *

q224

- No
- Yes
- Don't know

What sources of information on the coronavirus do you use? *

q2_3: Select all that apply. Read the answers to the respondents and ask them to say yes or no to each.

- Twitter
- WhatsApp group chat
- Facebook
- YouTube
- Government website
- Other social media
- Local Television
- Local Radio
- Overseas television
- Newspapers
- Other
- No answer

Specify other sources of information *

q2_3oth

To what extent do you agree/disagree with the following statement? I have a hard time figuring out what information I receive about the coronavirus are real and which are fake or just rumours. Do you ... *

q2_4

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

What steps should a person take if he/she suspects that he/she has contracted the coronavirus? *

q2_5: Select all that apply. Do not read the answers to the respondents.

- Do nothing
- Tell a friend
- Call the coronavirus hotline
- Visit a hospital immediately
- Get medicine from a pharmacy
- Self-quarantine at home
- Other
- Don't know

Specify other steps *

q2_5oth

---	---------------------------------	--

Section 4: Attitudinal Response

Please indicate the extent to which you agree/disagree with each of the following items. Tell me whether you disagree strongly, disagree, neither agree nor disagree, agree or agree strongly to each of the following items.

.....

Interviewer: Read each item carefully and at a measured pace and let the person respond. Repeat the response categories for each of the first three items. After this repeat the response categories after every three items)

.....

» Attitudinal Response

Coronavirus outbreak is like any other outbreak, we just have to continue living our lives

q411

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

There is too much hype about the coronavirus, it is not that dangerous

q412

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

The coronavirus affects mainly older and sick people so everyone doesn't have to worry

q413

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

We need to make a special effort to avoid coronavirus infection

q414

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

» Attitudinal Response

Everyone has a duty to help prevent the spread of the coronavirus

q415

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

People should be willing to give up their usual activities to prevent the spread of the coronavirus

q416

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

People who continue to go out and about as per normal are a danger to society while there is the coronavirus outbreak.

q417

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

Guyana and Guyanese are protected, the virus will not affect us in the same way as other people in other countries.

q418

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

» Attitudinal Response

A cure for the coronavirus will be available soon so we don't have to worry too much

q419

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

Simple home or herbal remedies will provide protection from the coronavirus

q4110

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

The coronavirus is a punishment from God.

q4111

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

The sun and temperature in Guyana will keep the coronavirus from spreading rapidly

q4112

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

Section 5: Lifestyle & Community

Now I want to focus a bit on some lifestyle and community issues. This is the penultimate section of the questionnaire. We are nearing the end of the interview

» Lifestyle

How does each of the following items describe you and your household since the coronavirus arrived in Guyana **compared to the previous six months?** Given separate answers for you and the rest of your household.

For each item, please indicate whether you (and your household) stopped, reduced or maintained the same level. If you never did any of them, please indicate **not applicable**.

Item	a. You	b. Your Household
Going out for fun and recreation	You <input type="radio"/> Stopped <input type="radio"/> Reduced <input type="radio"/> Same <input type="radio"/> Increased <input type="radio"/> N/A	* Your household * <input type="radio"/> Stopped <input type="radio"/> Reduced <input type="radio"/> Same <input type="radio"/> Increased <input type="radio"/> N/A

- Yes
- Don't know

» Thoughts

As far as I am aware, some member/members of my household have underlying health conditions that are high risk for coronavirus cases *

q548

- No
- Yes
- Don't know

Our health system is equipped to deal with the coronavirus *

q549

- Disagree strongly
- Disagree
- Neither agree nor disagree
- Agree
- Agree strongly
- No answer

Section 6: State Response

I will now focus on the final set of questions. These questions focus on the response of the state to the coronavirus outbreak. It is clear that the state plays an important role in address the pandemic around the world and the actions taken have usually been in response to developments. Hence, the actions to date might be incomplete and there might be more to come. Nevertheless, we want to get your views on what has been done so far.

As far as you are aware, what is included in Guyana's response to the coronavirus to date? *

q6_1: (Do not read the responses to the respondent. Just select depending on what he/she says. Ask whether there is anything else that the person can think of or want to include before moving on).

- Complete lockdown of public service
- Partial lockdown of public service
- Move public service workers to a shift system
- Business as usual at public ministries
- Adopted some measures for economic relief to households
- Shutdown of public schools
- Enhanced the capacity of the public health system to fight the virus
- Put out information on the virus to the public regularly
- Systematic testing of individuals
- Set up a coronavirus hotline
- Shutdown of the country's borders
- Imposed quarantine or social distancing for citizens
- The government has made no response
- Other
- Don't know
- No answer

Specify other responses

q6_1oth

Finally, I would like to ask that you evaluate Guyana's response to the coronavirus so far, as far as you are aware in various categories. I will read the categories and you can tell me whether the response has been very poor, poor, good or very good.

» State Response
